## FOREWORD

Our 1957 Prospector has tried to record some of the things that will be fond memories whenever we think of the year 1956-1957. We know that, 5—10—20 years from now, styles, hairdos, shows, cars, etc. will seem very comic to us (and our children!) when we gaze upon these pictures of what seems so "high style," modern, and advanced to us now.

It has been an exciting year in so many ways—much history has been made, so many things have happened, so much experience and learning has come to us that only a small part of it can be encompassed in this book—

Gary,

To one of the better stars of  
Whit's Charley, I don't know if  
I trusted you & Susan or not. But,  
I don't suppose there was much  
I can do about it.

I'll see you around the office  
this summer.

Best of luck to a real good kid  
a friend.

Suey McQuinn

Dear Gary,  
Well, this year  
is finally over, and  
I think we made it  
don't you? And now  
we are great big seniors.  
She next time of  
have a party  
remind me ahead  
of time

lots of luck  
from  
Juni  
Gordon

We shall all remember the year 1956-57 . . .

## THE NEWS OF OUR YEAR

The year 1956-57 was a stirring one in the news. On the international scene, the Far East problem faded somewhat, and the Near East loomed up. First, with the seizure of the Suez Canal by Egypt's Premier Nasser, and second, the Arabs forming an active alliance. The United Nations was relied upon as never before, and U. N. troops, including men from many countries, were used in the area contended for by Israel and Egypt. "Ben Gurion," "The Gaza Strip" and "Aqaba" became household words.

In Europe the courageous rebellions in Poland and Hungary against Russian domination stirred every lover of freedom. Although not entirely successful, Poland made some progress toward nationalization.

Nationally, a presidential election was decided between President Eisenhower and Adlai Stevenson. The immediate problems are race segregation (heightened by last year's Supreme Court decision), private vs public power, conservation, growing pains (education with its teacher and housing shortages, especially) and the relentless persecution of racketeers, whenever and wherever found.

In medicine, the Salk vaccine for polio is a triumph of research. Romantically, Grace Kelly married the Prince of Monaco! In athletics, college football subsidies were items of interest in the news.

Statewise, California's problems seem to be water, education, highways, housing, and preparing for the Olympic snow sports at nearby Squaw Valley. Our state's rapid growth has made it second largest in the nation, as it is first in our hearts!

## THE BOARD OF TRUSTEES

The students of Nevada Union are grateful to the Board of Trustees for its civic-minded work for the betterment of our school.

## OUR TIMES

The enduring values and great opportunities for education which are afforded by our schools cannot be full told in terms of books or trades or courses taught.

This Prospector's theme, "Our Time," reveals this fact and preserves in picture form what are perhaps more lasting memories and greater values of school life; our great ideals, friendships formed, the things we did and lessons learned—"the truth and error of the past."

WILLIAM M. WILSON  
District Superintendent

## PRINCIPAL'S MESSAGE

Perhaps in no year have events been so momentous, scientific advancements so phenomenal, international affairs so encircled by a powder keg, as the 12 month period of 1956 and 1957. Today's students of yesterday's history are seeing chronicles for tomorrow's review written before their eyes.

In our very neighborhoods is the picture of communities and county caught in the high tide of California's growth. A major problem is education in all its phases, from school housing and facilities to the seriousness of rising school-cost upkeep.

California . . . charging ahead to become the No. 1 population state in the Union . . . is in the midst of turmoil arising from a north county group's desire to form its own state. The reason? Water rights—as jealously guarded today as the '49er guarded his creek with a Winchester rifle.

Nationally . . . Washington battles the threat of inflation or deflation. In one of its greatest eras of prosperity, our country must assume world responsibility. Abroad, nations are seeking freedom, and dictator's power is being challenged.

The year has its problems. But they are not unsurmountable; many already have been conquered and forgotten. I am confident, through close personal work with today's young Americans, that through humility, Christian teaching, constancy toward high ideals, these boys and girls are capable of this leadership so demanded, so expected, of our nation in this dynamic, exciting, fast moving world.

## CARS

This is the "age of wheels." Every teenager—nearly every—has some sort of transportation of his own. Parking space is assigned the car, whether jalopy, hot rod, or recent model. Drivers' Training is required of every student.

The dream cars are ones like the Thunderbird in our picture—or like the Chevrolet Corvette, Jaguar, Mercedes Benz, Cadillac convertible, or even the smaller sports car like the M.G.

The "Flying Clutchmen" (for boys) is headed by Dick Tremewan—rumor says the name is being changeed.

In the name of "Hot Rod" magical changes are made in cars.

Do you remember dual carbs, pipes, mold, headers, heads, three-fourths cam, full house, full race, racing pistons, Mallory ignition, light plywheel,

four-barrel carbs, lead manifold, quick change rear ends, Zephyr transmission, mud flaps, light valves, stroked crank, Cadillac "V" emblem, polished ports, lowered, channelled, degood, chopped, sectioned, racing tires, Buick portholes, hooded headlights, decked, all interior parts, chromed, whitewall tires, striping?

## AWARD WINNERS

Most of the awards and scholarships are given to seniors after the yearbook has gone to press. However, the Bank of America awards have been given to Deanna Knuckey for Liberal Arts; Terry McGuire: Science and Math; Duane Niesen: Vocational; Kathy Haley: Music; Martha Annin: English; Bob Fischer: Languages; Sandra Eckenburg: Business; and Marilyn Comstock: Social Studies. The first three are plaque winners.

Our school has an outstanding record in distinctions earned by its graduates. Some of these honors (we regret our inability to get a complete list) include:

University of California: Joel Franklin, Joanne Lee, State Scholarships; Lee Miller, Phil Thompson, Phil O'Young, Bradley Memorial; Phyllis Penaluna, Alumni; Jan Stevens, Golden Bear; Lorraine Hamilton, Phil O'Young, Radcliff.

Stanford: Darrelyn Moore, Alumni and B.P.W. scholarships; Jan Stevens, Beardsley, Law.

Chico State: Ann Holt, B.P.W.C.; Darlene O'Rourke, State Scholarship.

San Jose: Don Steger, Senior Class '56; Cotey College, P.E.O., Mary Louise Johnson; Santa Clara: Bob Hall, Radcliff; Mike Kirrene, California State. Harvard University: Douglas Norby, David Haley, Harvard Club, S.F.; Harvard Medical, Lee Miller. M.I.T.: Simi Lyss.

Phi Beta Kappa—highest honor in the scholastic world—awarded: Phyllis Penaluna, Leo Cummins, Wm. Peard, and Jan Stevens.

Countless other honors and awards have come to local graduates. Research would undoubtedly show that we have more than most high schools our size.

Second row: Mr. Stevens, Advisor, A. Hansen, B. Corbell, D. Tremewan, D. Smith, B. Fischer, T. Wood, S. Brodie, B. Davey, D. Balmain, D. Hoffman, L. Merrill, J. Oakie.

You, who read these pages five, ten or twenty years from now . . . I wonder how you wear your hair . . .

In this great year, we felt very neat in the pony tail or the bun. There wasn't really any set style, but the girls wore long, medium or short hairstyles, whatever suited their type. As you see, flowers were often worn for fun and effect.

Boys — and men — are vain creatures! They must be, with so many variations in hairdo. Most popular is the crewcut, or flat top, which sometimes has longer hair carefully combed on the sides, as you can see in the picture.

**FALL SECTION BEGINS HERE**

## AROUND SCHOOL

This is the first year we have had a full time counselling staff. Mr. H. Andrews, Miss M. Sleeper and Mr. W. Thornton are doing a wonderful job helping students with their various problems. In addition, Principal W. George is always available. Mrs. D. Mulcahy, Vocational Advisor, and Senior Advisors Mr. Stevens and Mr. Worrell help with many matters. Furthermore, every teacher plays an active part in counselling, because usually the student goes to the teacher he knows best.

Mr. Robert Snortland of North Dakota is the new faculty member who took the place of Mr. C. A. Rush, who retired in January.

At midterm Mrs. Elizabeth Reid Hubbard resigned because of poor health. Everyone will miss her cheery presence and all of us wish her health and happiness in her retirement years.

On February 5 and March 5, students received free, their first and second polio vaccine shots. Doctors R. Conant, J. W. Ballou and D. E. McMartin worked under the direction of Dr. G. Foster, County Health Officer. Approximately 450 students were immunized.

Mr. W. Hendrickson and George Scofield appeared on a TV Conservation program on March 3, "Under the Capitol Dome," on Channel 3, KCRA-TV.

BOYS' CHORUS

GIRLS' ENSEMBLE

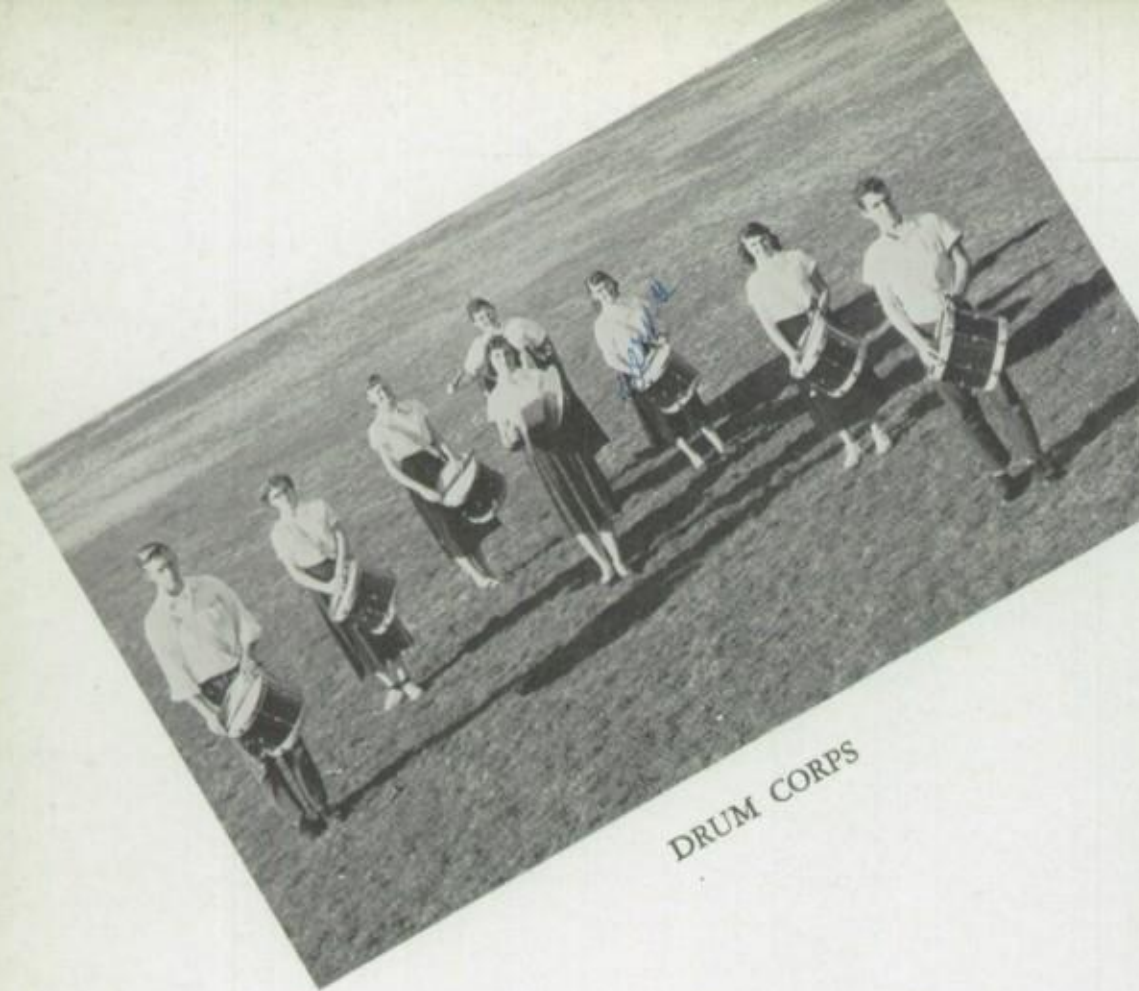

## "MEN AND ANGELS SING"

Our choruses and their director, Mrs. Marion Libby, have done a wonderful job, as usual. They have been almost everywhere . . . special assemblies, music festivals, service clubs, P.T.A. convention, Christmas caroling . . . et cetera, et cetera, et cetera. (Et cetera taken from "The King and I," as if you didn't know.)

COMBINED CHORUS

DRUM CORPS

Although this group is small this year, it plays an important part in keeping the people stepping in time to their rattling rhythms.

From the cellar rooms to the roof . . . when our band plays, you can hear the rafters ring! Director George Peavy and the band are really a fast stepping, good looking group in their brand-new uniforms! Besides many local appearances, the group travels to music festivals at Stockton, Chico, and Berkeley.

## "MUSIC HATH CHARMS"

There are occasions when Mr. Franc Luschen's group gives just the right touch to complete a perfect program. These musicians with their classical music form a "culture cult," as it were.

## GIRLS' LEAGUE TEA

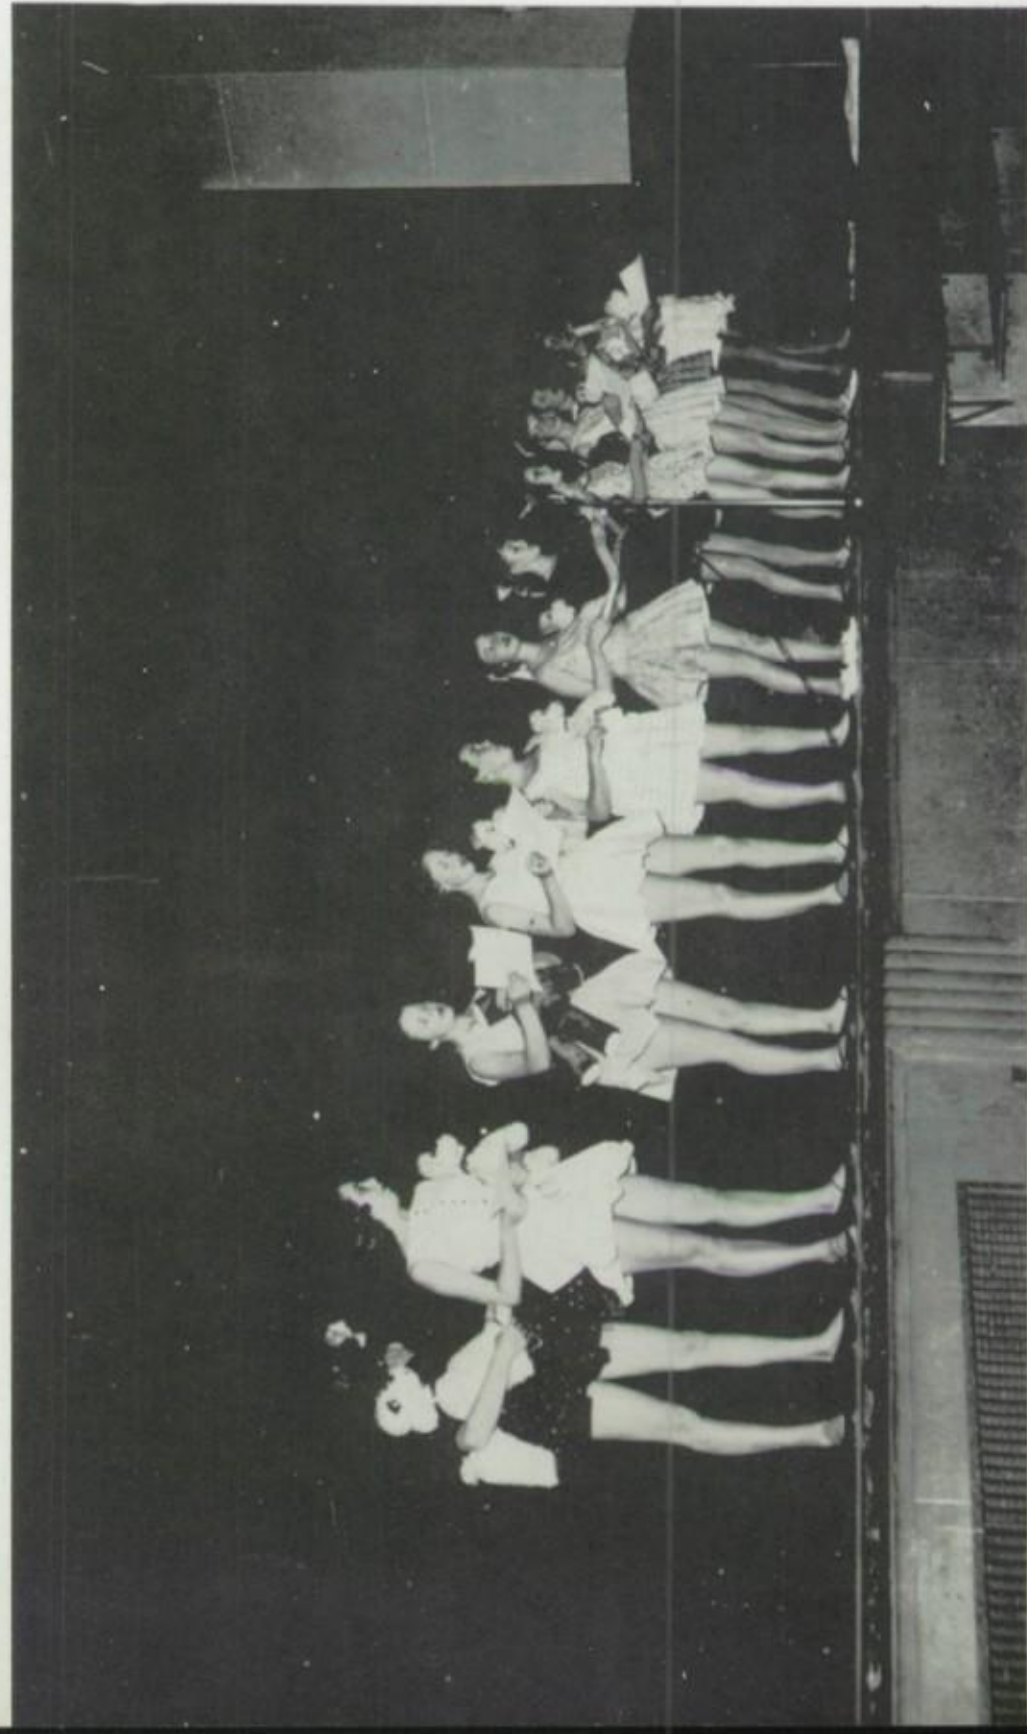

The annual tea, honoring the Sophomore girls and the only new teacher, Mrs. Gordon, was very successful. Mr. Luschen's orchestra lent an air of "professionalism," as usual.

The skit was coached by Mr. George Ellsworth; Mrs. Helen Liotta and classes made cookies; and Mrs. Adelaide Elliot is Girls' League Advisor.

SKIT, "DON'T TELL A SOUL"

Jeanine McCauley, Treva Summers, Leanne Lusk, Linda Houser, Lorna Perry, Arlene Hodge, Carol Quinney, Marilyn Viscia, Avaline Anderson.

"LITTLE GIRLS"

These gals outdid Patience and Prudence in their song, "Tonight You Belong To Me." Judy Gordon, Nancy Terrill, Katherine Faulkner, Georgann Folck, Judy Gwilliam, Sandra Englefield, Josephine Kendrick, Warrenne Faulkner, Annabelle Berry, Grace Anderson, Judy Mills.

## TOUCHDOWN FASHIONS FOR MODERN MISS

New this year was the fall fashion show put on with the co-operation of the 4-H. A pattern company supplied the fashions for the show. Mrs. Helen Liotta and Miss Francis Head were sponsors. This was fun!

## TV—BOOKS—MAGAZINES

We watched TV . . . this year, every type of show:

Perry Como's leisurely paced music, Hit Parade's cleverly set songs, science fiction, Edward Murrow's "See It Now," famous documentaries, Ed Sullivan's and Steve Allen's comedy varieties, Lucille and Desi's "I Love Lucy," Phil Silvers' "Sergeant Bilko," quiz programs galore, police tales, the Big Story, Groucho Marx, name bands, Ernie Ford and many other singers, and some spectaculars like Maurice Evans' production of "The Taming of the Shrew" and the London Old Vic Company's version of "Romeo and Juliet."

We read books . . . loved paper back bindings:

Science fiction was tops—westerns continued to be popular, and nation's critics, librarians and booksellers praised (and many of us read) "The Single Pebble" by Hersey, "Greenwillow" by B. J. Chute, "The Last Hurrah" by O'Connor, "The Nun's Story" by Hulme, "The Philadelphian" by Powell, "Profiles in Courage" by Kennedy, "Roosevelt" by Freidel, "The Organization Man" by Whyte and "Gift from the Sea" by Anne Lindbergh.

We read magazines . . . news, adventure, fashion, sports, movie, science fiction, and, especially, "Seventeen."

## TEACHERS OF TOMORROW

This large group of lively looking girls and boys plans to teach. Right now, we'll need all of them with the present shortage of teachers. Mr. H. Andrews is advisor of this group.

## FUTURE NURSES CLUB

The girl on the table gives you an idea of what nurses in training go through?!! These future nurses will use real instruments some day soon. With their advisor, Mrs. D. Fellersen, they are active—mostly listening to speakers and taking trips to various hospitals. Not pictured: Sue Browning, President; Susan Bechaud, Elinor Cates.

## CHRISTMAS PROGRAM

The combined choruses under the direction of Mrs. Marian Libbey presented an interesting evening program. Christmas songs were illustrated by very effective scenes. Vera Thompson and Harold Covington were the soloists, and Tom White played the piano accompaniment.

Boxing, when conducted on the high school level, is a safe and instructive sport. Recent developments in safety equipment have made boxing one of the safest sports in the high school curriculum. It makes positive contributions to emotional adjustments, increases self-confidence, and develops a high degree of physical fitness. It is a sport where the smaller boy receives equal recognition. It is with these points in mind that we have presented a boxing course at Nevada Union High School.

Fashions may be "Spinach" according to one dress designer, but always fun to teenagers. These "high styles" are what you see walking down the halls every day.

Ivy League clothes for boys and girls are very popular. Since last Christmas, car coats have played an important part in our fads. Girls have always worn becoming sweaters, but just this year boys have become interested in gauchos,

V-neck, vests, ski, and the ever-popular letterman's sweater. Peter Pan collars of pearl adorn many girl's sweaters, and skirts are very wide with many petticoats or pencil slim. Shoes are oxfords (saddle or white) or flats, and for both girls and boys are often suede, black or blue, as in the song, "Don't step on my blue suede shoes!"

## MOVIES

This year the trend has been toward long movies, most of them lasting over two and one half hours. "The King and I" made a hit with everyone—no one will ever forget the colorful scenes or the beautiful music. Yul Brynner made a hit in both this movie and in "Anastasia," not only with his talent, but also with his famous "Bald Hair Style." "Giant," a story of Texas, all-star including James Dean, was another sensation. "War and Peace" was a truly stupendous production of the Tolstoy novel. "Lust for Life," another favorite, was filled with color, as it told Van Gogh's life and showed the actual paintings. "Friendly Persuasion" was a Quaker story that touched the hearts of everyone who saw it. Of special interest to teenagers were "The Young Stranger," and "Rock, Pretty Baby."

## SPRING 1956

A new plan was begun last year, whereby the school activities that come after the yearbook has gone to press on March 15 are included in the Prospector of the following year. Work on this part of the book is done by a spring staff who decide the theme of next year's book and do much of the groundwork, making plans for the next year.

## MUSIC IN THE SPRING

This year we were the host school for the Spring Music Festival. Our music groups received high commendations.

Then, Mrs. Libbey's choruses, Mr. Peavy's band and Mr. Franc Luschen's orchestra presented a delightful evening concert on May 16 of such numbers as songs from "Oklahoma!," the popular band novelty "Copa Cabana," the orchestra's "Tres Jolie" by Waldteufel and many other delightful numbers. Members of the orchestra, who also played the accompaniment for several choruses, were: violin: Nancy Scholefield, Carole Lee Cicogni, LeRoy Mack, and David Olsen; oboe: Ann Tamblyn; bass violin: Kathy Haley; cello: Janet Huggins; Clarinet: Jerry Lusk; piano: Mr. Franc Luschen.

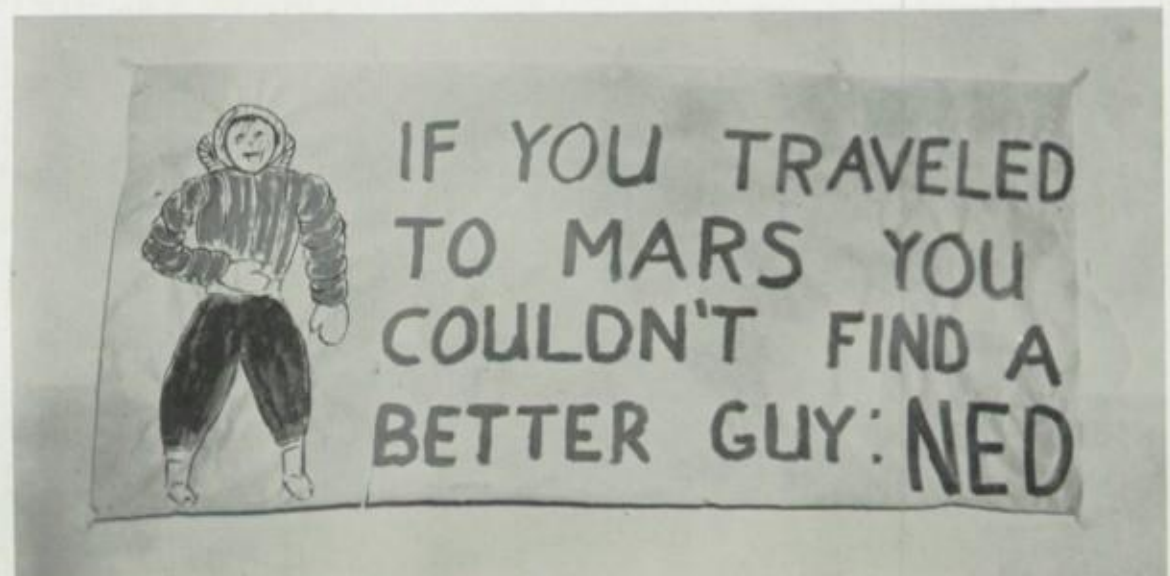

### CARNIVAL NIGHT

Carnival Night, to raise money for student body activities, proved to be a great success and a good time was enjoyed by all.

### ELECTIONS

The student body elections were made interesting by many posters large and small, even "hat sized."

Baseball was like this in Spring 1956. (Squad pictured in 1956 annual.)

After a slow start due to bad weather, the N. U. Miners managed to stay out of the cellar by beating Yuba City twice.

Ed Underwood and Gerald Davey shared the pitching chores and turned in several good efforts on the mound.

Roger Thompson led a rather spasmodic hitting ball club with an average of over .350.

# RICHARDSON SPRINGS CONFERENCE AT CHICO

## MARDI GRAS DANCE

To end Twirp Week last spring, the G.A.A. put on the Mardi Gras Dance, a costume ball. They chose Bob Steger as the king, and as the Junior and Sophomore princes: Bob Fischer and Buck Penrose.

Even the cameraman was excited

# SENIOR BANQUET AND BREAKFAST

A delightful banquet at the Gold Nugget was one of the features of Senior Week. The following morning the P.T.A. mothers prepared a special breakfast in honor of these graduates.

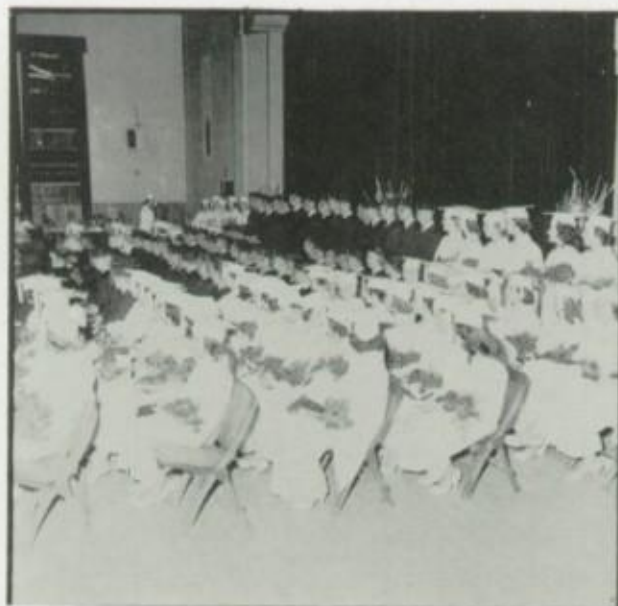

## GRADUATION

Both smiles and tears were seen at the graduation ceremony of the Class of 1956 on June 8. One hundred and eighty-two graduates received their diplomas after speeches on the theme, "Atomic Power — Our Key to the Future."

## BACCALAUREATE SERVICE

For the Baccalaureate Service, traditionally, the Ministerial Association of Nevada County furnishes the program. It is always an evening of inspiration in quiet reverent mood.

## THESE SONGS WERE POPULAR

We must not forget that popular songs come and go very fast and by the time you are reading this, the songs we mention here will no longer be our favorites. Do you remember Harry Belafonte's "Banana Boat" song and his Calypsos, and all his wonderful albums?

Other song styles popular this year were Pat Boone, Elvis Presley, Guy Mitchell, quartets like the Hi Los, and groups like the Walter Schuman singers. Lawrence Welk's orchestra was a national sensation. "Love Me Tender," "True Love," and "Singing the Blues" were some of our favorite love songs. Others that we sang and danced to were: "Walking in the Rain," "Green Door," "Petticoats of Portugal," "Moonlight Gambler," "Friendly Persuasion," and "Blueberry Hill."

Dear Gary,

Maybe the reason I got through English was  
you. And the good grades I got were  
due to you, sitting beside me on 'ol  
John Luck in all the years.

Hi Gary -  
Well whenever you  
want your milkshake,  
next year, I will buy it  
since I lost my way out on  
points. We can always  
remember Mrs. Terrell and  
our good 4th period class.  
I hope we can have  
civics together next year.  
blast we could have  
a glad you got your  
glasses back so you don't  
run into people all the  
time.

Have seen this summer  
and come back next year  
ready for a milkshake  
since I will be rich.  
I'm (goofed) listening  
to She Wilson and I  
hardly know a word  
she said.  
Always, Leanne

Gary  
Here's wishing  
you all the luck  
there is to wish.  
Gary

Dear Gary in there  
we had fun was there?

Well we've had  
a lot of fun this  
year, but next year we'll  
have even more because  
by the time school starts again  
I will have a car and we can  
go riding around. Have a lot of fun in the  
fruit this year and don't make too much money  
because I hate rich people. Hope we have some  
classmates together next year. All the luck in the world  
because you really deserve it.

Dear Gary, Congratulations
